

Rancho Naturalista Checklist

Tayutic & Turrialba area

Location Code:

- [R] Rancho Naturalista: 2300-3500 ft.
- [T] Tuis River Valley/Cerro Silencio Base/La Mina: 3000-4500 ft.
- [C] CATIE / Laguna Angostura / Turrialba: 1900-2300 ft.

Abundance Code:

- 1 = Should be seen daily.
- 2 = Somewhat less common, but should still be seen.
- 3 = Requires some effort, fairly uncommon or seasonal.
- 4 = Uncommon or of erratic occurrence. Generally tricky to find.
- 5 = Rare, seen annually, but few records per year. You'll need some luck!

www.ranchnaturalista.com
 info@ranchnaturalista.net
 506-2100-1855

-
- h = Heard considerably more often than seen.
- w = Winter Migrants from North America, mainly Sept-May.
- b = Breeding Migrants from South America, mainly March-Sept.
- p = Passage Migrants, mainly from March-May and Sept-Nov.
- d = Mainly in dry season, Dec-March.
- r = Mainly in rainy season, April-Sept.
